## Ridiculously good looking

YOUR CINEMA has been designed with the moviegoer in mind, with a clean, modern and intuitive site layout. Optimised for usability across all web browsers and devices, YOUR CINEMA makes it quick and easy for moviegoers to find the information they need and most importantly — to buy tickets!

## Easy and flexible content management system

- Pre-templated pages for additional content
- Quickly add and update promotions
- Customisable colours and fonts
- Dashboard analytics

## Evolution-based design

Like many subscription services, YOUR CINEMA is a non-static solution. We research and monitor industry trends to inform and build on YOUR CINEMA, so you'll always have the latest and greatest features without having to do a thing!

## Automatic session and film content updates

Integration with Vista and Veezi's online ticketing allows YOUR CINEMA to automatically pull film content and session information. YOUR CINEMA is also integrated with Veezi Loyalty, giving your loyal customers an even better online experience.

## Get started

YOUR CINEMA is subscription-based, with no start-up cost and upgrades are included. Our team can set up and customise your new website in no time.

## A Flicks product

YOUR CINEMA is the brainchild of Flicks, a Vista Group company. Flicks is Australasia's leading online movie and cinema guide, with over 1.1 million visitors each month. Inspired by their experience with online moviegoer behaviour, Flicks designed YOUR CINEMA with a strong focus on usability.
